

ANC JOIN OUR TEAM!

Founded as a rotational signage company with deep roots in professional sports, over the past 20 years ANC has transformed into the preeminent technology service provider for stadiums, entertainment facilities, transportation hubs, and retail venues. ANC's iconic projects include the Los Angeles Dodgers (most pixels per square foot in MLB); Cleveland Cavaliers (largest center-hung in the United States); and Westfield World Trade Center (iconic digital media network) with recent deployments for the University of Notre Dame and Pier 17 at NYC's Seaport District.

ANC is currently seeking passionate, talented students for Fall, Spring, and Summer internships. As an ANC intern, you will get the chance to work with sports facilities, retail & transit venues, and national advertisers to help create dynamic digital media networks throughout the United States. ANC's internship program offers students hands-on experience to help them develop the skills needed for careers in the following areas:

- Advertising
- Communications
- Client Services
- Graphic Design
- Information Technology

INTERNSHIP BENEFITS

- Gain valuable work experience
- College credit and/or competitive wage
- Networking opportunities

➤ *If you are interested in an internship, please send your resume to Stacey Talve, Human Resource Manager at stacey.talve@anc.com. To learn more about ANC, visit www.anc.com.*

ANC INTERNSHIP OPPORTUNITIES

CLIENT SERVICES

- Review timesheet and audit reports for MLB, NBA, NCAA, NHL, and WNBA clients.
- Assist with data entry in the extranet and FileMaker.
- Update ANC tracking sheets for various clients.
- Support the CS department as needed.

DESIGN

- Shadow ANC designers & work independently on motion graphics projects. Interns will learn new techniques with the objective of increasing knowledge of motion graphics.
- Participate in daily production updates and department creative reviews.
- Assist in reviewing proofs for quality control, trafficking of final deliverables, and file organization within design servers.

ADVERTISING / MARKETING

- Create dynamic sales materials and presentations, including PowerPoint, collateral pieces, photo mock-ups, etc.
- Research and present sports & technology trends, competitor news, and industry events to management.
- Assist in fulfilling ANC Advertising Sales contract elements, such as coordinating hospitality programs, creating media recap reports, etc.
- Monitor for client media highlights, including the compilation and distribution of monthly video clips of our sponsors' in-game exposure.
- Support various department responsibilities such as ticket distribution, video & photo library management, among other administrative tasks.

INFORMATION TECHNOLOGY

- Provide technical assistance and support for network, hardware and software issues
- Troubleshoot computer systems including software and hardware on desktops and laptops, resolving Internet and network access issues and providing network printer and AV system support.
- Troubleshoot Windows 10 computers in a domain configuration
- Work with 3rd party tech support to troubleshoot misc. issues with company software & hardware
- Assist and organize user and group account creation in O365, Active Directory, and other software systems
