## We are here for you!

**We're committed to being proactive and responsive  
to the needs of our customers during this time.**

Established in 1868, Rondout Savings Bank has a long history of providing a secure place for depositors to grow their savings and get needed loans. Even when facing some of the nation's most historic challenges including wars, recessions, and the Great Depression, Rondout Savings Bank continued to expand and build on its trusted reputation. Today, we remain one of the nation's most successful, long-standing independent banks having received both local and national recognition awards for financial excellence and our support to the communities we serve.

## Keep Calm and Garden On

**Victoria Gardens is very grateful to be open and serving your gardening needs.**

It's very hard to know what to say in the face of this global pandemic. We are all trying our best to deal with difficult circumstances and offer comfort where we can. At Victoria Gardens we are trying to balance serving the community and our customers with being safe and protecting our staff.

**• We are open everyday, but because of Covid19 related staffing issues, please call first. We will post our hours on the answering machine. (845) 658-9007**

- We will do curbside pick-up
- We will do a video chat so you can see what's in the nursery.
- You can come shopping here and there is enough space to be physically distant.
- If you've come into the store already, you know we've worked out a system where we don't need to pass credit cards back and forth.
- We're also introducing a delivery service. We are still working out the details, but tentatively it will be running Wednesdays and Saturdays.
- We're also trying to stay in touch and keep you updated. New arrivals and plant features will be posted on Facebook and Instagram.

This is a time of unprecedented fear, grief, and uncertainty. We miss friends. We miss family. We miss hugs! But in these very strange and troubled times, we know that gardening can be soothing, reassuring, and healing. Being outside and in the sun with our hands in the dirt can be a balm for anger and an antidote to anxiety.
