Hanford Mills Museum To Present Multi-disciplinary Environmental Justice and Sustainability Series

InterActions Series To feature Artists and Scholars

continued from page 1

p.m. with Christina Hunt Wood, a Delhi-based video artist and photographer, and Associate Professor at the SUNY College of Environmental Science and Forestry and Co-Director of the Center for Cultural Landscape Preservation Rachel Leibowitz. Wood uses her artwork to explore the actions of rural communities and their effect on the environment. Leibowitz studies the historical contexts and human relationships that shape cul-

tural landscapes, especially as they pertain to issues of conservation. There will be time for an audience Q&A. To register, visit hanfordmills.org.

On March 4 at 7 p.m., the series presents Ellen Wong, a landscape painter and visual artist, and Associate Professor of Arts & Sciences at SUNY Delhi Dr. Lisa Tessier. Wong focuses on the rural and working local landscape, especially that of the agriculture surrounding her

home in Roxbury. She also co-hosts a weekly radio show about local agriculture. She has helped to develop visitor engagement strategies for the Whitney Museum of American Art and Dia Arts Foundation. Tessier, a HMM member and volunteer, has combined expertise in landscape design and art-making. She creates watercolor prints involving native plants.

Jay Ungar and Molly Mason, traditional musicians and co-founders of the Ashokan Center, will

speak on March 25 at 7 p.m. The Ashokan Center seeks to teach, inspire and build community through shared experiences in nature, history, music, and art. The internationally acclaimed artists are known for their performance of Ungar's Emmy-nominated composition Ashokan Farewell, which became the musical hallmark of Ken Burn's "The Civil War" on PBS.

The April 8 session will feature Richard Kathmann, an artist who paints abstract and landscape works of his Catskills surroundings, and Joshua Cerra, associate professor of landscape architecture at Cornell University and principal director for the Cornell Climate Change Garden, an interpretive research installation on Cornell's campus. Cerra works with his students to explore landscape ar-

chitecture design strategies as they relate to New York waterways and climate change, and his research focuses on the social-ecological systems created between humans and landscapes. A resident of East Meredith, Kathmann served as Hanford Mills Museum's first executive director.

Callahan encourages people to join these important conversations. She says the series will shape the way Hanford Mills interacts with visitors in the future.

The Creativity Incubator sessions will take place at 7 p.m. on Feb. 18, March 4, March 25 and April 8. The public can take part in individual sessions or the whole series. Sign up at hanfordmills.org to register for the free events.

In 2020, Hanford Mills Museum, in collaboration with the Cooperstown Graduate Program (SUNY

Oneonta), received a Creativity Incubator Grant from the New York State Council on the Arts and the Greater Hudson Heritage Network. This grant offers financial support for museums to think more imaginatively about the interpretation of their collections and to explore new ways of engaging with contemporary audiences, with an emphasis on experimentation and creative thinking. With this series, Hanford Mills will bring together artists and scholars to lead virtual conversations on environmental justice, sustainability, and climate change.

Hanford Mills Museum, 51 County Route 12, at the intersection of Delaware County Routes 10 and 12 in East Meredith, will open for the season on May 15.

For more information, visit www.hanfordmills.org or call 607.278.5744.

Chairman Delgado Secures Rural Agricultural and Health Care Assistance in COVID-19 Package

U.S. Representative Antonio Delgado (NY-19), Chairman of the House Agriculture Subcommittee on Commodity Exchanges, Energy, and Credit (CEEC), helped secure over \$1.5 billion to fund critical programs that help rural farmers and hospitals. These provisions, included in the committee-passed Agriculture and Nutrition Title of the Fiscal Year 2021 Budget Reconciliation bill, will be part of Congress's next COVID-19 relief package.

"After countless meetings with rural health care providers, local governments, farmers, and families across my district -- I know this assistance will make a meaningful difference in the lives and livelihoods of many," said Rep. Antonio Delgado. "The House Agriculture Committee's COVID-19 package delivers billions to purchase food and agricultural commodities, make grants and loans to small and mid-sized farms, protect workers from COVID-19, and improve supply chain resilience. From assisting small meat and poultry processors to increasing SNAP benefits, this package will help farmers and keep folks fed."

"I am proud of the pro-

visions I fought hard to include in the COVID-19 relief package as Chairman of the CEEC Subcommittee, which provides more than \$1.5 billion to fund critical programs that help our farmers. The \$500 million in Community Facility Program funds will provide flexible grants to rural hospitals and health providers to increase vaccine distribution and testing capacity, ramp up telehealth services, support staff, provide nutritional assistance to vulnerable individuals, and meet other needs. Additionally, this package provides critical debt relief and support for underserved farmers and producers."

Provisions CEEC Chairman Delgado helped secure:

- \$500 million for the Community Facility Program to help rural hospitals and local communities. This funding will be used to increase capacity for vaccine distribution, provide medical supplies and reimbursements for COVID-19 related expenses and lost revenue, increase telehealth capabilities, construct temporary or permanent structures to provide health care

services, support staffing needs for vaccinations and testing, and engage in any other efforts determined to be critical to address the pandemic, including nutritional assistance to vulnerable individuals.

- Critical debt relief and support for underserved farmers and producers who have existing USDA FSA loans and CCC Farm Storage Facility Loans.

- \$1.01 billion to assist socially disadvantaged farmers, ranchers, forest land owners, operators and groups. Funds will support outreach, financial training, capacity building, cooperative development training and other technical assistance to socially disadvantaged groups. It will cover grants and loans to improve land access, and support pilot projects to provide assistance focused on land acquisition.

Additional Provisions:

- \$3.6 billion to USDA for purchasing and distributing food and agricultural commodities, making grants and loans to small and mid-sized farmers, farmers markets, food processors, and distributors to respond to and protect workers from COVID-19, and to maintain and improve food and agricultural supply chain resilience.

- \$100 million to reduce the cost of Federal inspector overtime for small and very small meat and poultry processors, who are still working through processing backlogs.

- Continues the 15% increase in SNAP benefits through September 30, 2021.

- \$37 million to the Commodity Supplemental Food Program to ensure low-income seniors can continue to access nutritious foods.

COUNTY SHOPPER GUESS WHO

I am an athlete born in New York on February 17, 1963. Due to my moderate height, I didn't make the varsity squad in high school. But that didn't stop me from going on to be one of the greatest basketball players of all time.

Price Chopper and Tops To Merge

Price Chopper/Market 32 and Tops Markets announced Monday that they have entered into a definitive merger agreement.

According to the press release, the transaction unites two iconic New York-based grocery chains with deep ties to their communities and shared commitments to service, savings, and convenience. With increased scale across their almost perfectly contiguous footprints, the merged companies are expected to be better positioned to compete and offer even more value and outstanding services to their customers across the Northeast.

Scott Grimmett, Price

Chopper/Market 32's president and CEO, will be CEO of and serve on the board of directors of the new parent company which will oversee the operations of nearly 300 Price Chopper, Market 32, Market Bistro and Tops Markets stores and collectively employ more than 30,000 teammates. Frank Curci, Tops Markets chairman and CEO, will serve on the board of directors of the new parent company and as a consultant to assist in the transition. Blaine Bringham, Price Chopper/Market 32's executive vice president of merchandising, marketing and store operations, will lead the Price Chopper/Market 32 business. John

Persons, tops markets president and chief operating officer, will lead the Tops Markets business.

The new parent company will be headquartered in Schenectady. The Price Chopper/Market 32 and Tops Markets businesses will retain main offices in Schenectady and Williamsville and will continue to be managed locally by their respective leaders.

The transaction is expected to close in the coming months, subject to regulatory approval and customary closing conditions. Financial terms of the transaction were not disclosed.

It was not announced if there will be any changes to the local stores.

OBITUARIES

Hamden, NY: Thomas Dominic Parrotti, 72 passed away following complications from COVID-19 at 11:15am on Sunday, February 14, 2021. He was born on May 12, 1948 in Binghamton, NY and was raised there by his mother Dorothy "Dottie" (Chervenka) and Dominic Parrotti. After high school Thomas studied at the Traphagen School of Fashion in New York City.

Thom worked in many professions over the years including owning his own clothing store and interior design business. He worked for the former Mayor of Binghamton, Juanita Crabb; together they brought in the Binghamton Mets Stadium! Thom worked for Bassett Medical Center in multiple capacities until 2019, he was most proud of his implementation of the readmission reduction program he built from the ground up. He also created policies and procedures on their interpreter program to ensure those who needed interpretation had it for their appointments without flaws. In 2019 he went on to be the Chief Operating Officer of Multilingual Interpretation Services of CNY. His longest and most honored work was as a judge for the American Kennel Club. He was a steadfast supporter of purebred dogs and a popular and respected judge of all Terrier Breeds and Best in Show. As a judge he was known for his friendly and kind demeanor and vast knowledge.

Thom led a very accomplished life and he has much to be proud of. He loved his family farm, he often talked often about the goats, sheep and chickens. Recently, he told stories about his beloved Nick, the miniature horse he saved from near death after he was born in a field during a snowstorm. When Thom had down time, he enjoyed sewing, baking, being with family, friends

and traveling. He had visited all 50 states and Canada and he has traveled abroad. Among his favorite countries were Scotland and Australia. One of the best gifts Thom received, that he talked about often, was a plot of land in Scotland which will be his final resting place. Thom loved to garden and be outdoors. The gardens around his home were one of his beloved passions. He was always so full of life. He had an infectious personality and a laugh that will be remembered by those closest to him forever.

Many have shared that Thom was a teacher, a leader, compassionate, genuine, witty, respectful, loyal, "brought a bright spot and a sense of humor to difficult situations", authentic, classy, "Always put his patients first", devoted, "had joy on his face when he judged and chose his winners", he was always so passionate and full of life.

Thom is survived by his husband Brett Miller, the two have been together for 19 years; step-daughter, Sonia Miller; his in-laws, Archie and Judy Miller, Michelle (Eric) Young, Michael Miller, and nieces and nephews Alicia and Amber Young and Shannon and Cody Miller. Thom also had several friends whom he considered family, Alicia Chase; Leigh (Kevin) Briscoe-Dwyer; Brian Wrubleski and his daughters Alex and Natalie; Carmen McCormick and Susan Harris; Maura Coleman; Bobby Thomas; George and Enid Wright and their children Matthew and Katherine.

Thom was pre-deceased by his mother Dottie in October 2001 and his father Dominic in September 1988. He now has been reunited with his beloved friends who also pre-deceased him, Maryellen Wrubleski and Robert Black.

A private Memorial Mass will be held at the St. Mary's Roman Catholic Church, 39 Walnut Street, Oneonta, NY, Saturday, February 20, 2021. An additional memorial service will be held at a later date and time when circumstances permit. His ashes will be buried later at his piece of property in Scotland.

In lieu of flowers, a memorial scholarship will be established in Thom's name. Please send donations to Alicia Chase, PO Box 283, Cooperstown, NY 13326 or via Go Fund Me <https://www.gofundme.com/f/thomas-d-parrotti-memorial-scholarship?qid=8a8d49563603ed39f4764f1e9f7db9f2>. USDA Designates 17 New York Counties as Primary Natural Disaster Areas

The U.S. Department of Agriculture (USDA) designated 17 New York counties as primary natural disaster areas. Producers in who suffered losses caused by recent natural disasters may be eligible for USDA Farm Service Agency (FSA) emergency loans.

These natural disaster designations allow FSA to extend much-needed emergency credit to producers recovering from natural disasters. Emergency loans can be used to meet various recovery needs including

the replacement of essential items such as equipment or livestock, reorganization of a farming operation or the refinancing of certain debts.

Freeze and Frost - April - June 2020

Producers in Broome, Cattaraugus, Cayuga, Cortland, Niagara, Ontario, Oswego, Schuyler, Seneca, Tompkins and Wayne counties who suffered losses caused by freeze and frost that occurred April 1 through June 1, 2020, may be eligible for emergency loans.

Producers in the contiguous

counties listed below are also eligible to apply for emergency loans:

- New York: Allegany, Chautauqua, Chemung, Chenango, Delaware, Erie, Genesee, Jefferson, Lewis, Livingston, Madison, Monroe, Oneida, Onondaga, Orleans, Steuben, Tioga, Wyoming and Yates

- Pennsylvania: McKean, Susquehanna, Warren and Wayne

Freeze
Producers in Jefferson, Onondaga, Orleans, Steuben and Yates counties who

suffered losses caused by freeze that occurred April 15 through June 1, 2020, may be eligible for emergency loans.

Producers in the contiguous counties listed below are also eligible to apply for emergency loans:

- New York: Allegany, Cayuga, Chemung, Cortland, Genesee, Lewis, Livingston, Madison, Monroe, Niagara, Ontario, Oswego, St. Lawrence, Schuyler and Seneca

• Pennsylvania: Potter and Tioga
Frost
Producers in Erie County who suffered losses due to

frost that occurred May 8 through May 9, 2020, may be eligible for emergency loans.

Producers in the contiguous New York counties of Cattaraugus, Genesee, Niagara and Wyoming are also eligible to apply for emergency loans.

The deadline to apply for emergency loans under this designation is Sept. 15, 2021.

FSA will review the loans based on the extent of losses, security available and repayment ability.

FSA has a variety of additional programs to help farmers recover from the impacts of this disaster. FSA programs that do not require a disaster declaration include: Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program; Emergency Conservation Program; Livestock Forage Disaster Program; Livestock Indemnity Program; Operating and Farm Ownership Loans; and the Tree Assistance Program.

Farmers may contact their local USDA service center for further information on eligibility requirements and application procedures for these and other programs. Additional information is also available online at farmers.gov/recover.

USDA is an equal opportunity provider, employer and lender.
