**NYSEG  
PUBLIC NOTICE**

**IN THE MATTER OF APPLICATION OF  
NEW YORK STATE ELECTRIC & GAS CORPORATION  
FOR A CERTIFICATE OF ENVIRONMENTAL COMPATIBILITY  
AND PUBLIC NEED PURSUANT TO ARTICLE VII OF THE  
PUBLIC SERVICE LAW FOR THE  
JENNISON TRANSMISSION SOLUTION PROJECT**

**TO WHOM IT MAY CONCERN:**

PLEASE TAKE NOTICE that New York State Electric & Gas Corporation (NYSEG) intends to file an application (Application) with the New York State Public Service Commission (Commission) pursuant to Article VII of the Public Service Law (PSL) of the State of New York for a Certificate of Environmental Compatibility and Public Need (Certificate) for the construction, operation and maintenance of the “Jennison Transmission Solution” Project (Project) in Chenango and Delaware Counties, New York. NYSEG must receive a Certificate from the Commission before constructing the Project.

**DESCRIPTION OF THE PROJECT:**

The Project is NYSEG’s proposal to rebuild and relocate its Jennison Substation in the Town of Bainbridge, including re-routing several transmission and sub-transmission lines from the substation’s present location to its new location; rebuild its 115 kilovolt (kV) electric transmission lines 734 and 946 primarily within existing rights-of-way (ROW) through the Towns of Norwich, Guilford and Bainbridge, from the Proposed Jennison Substation to the East Norwich Substation in the Town of Norwich, including connecting the rebuilt lines to the North Pond Substation in the Town of Guilford; and rebuild its 115 kV electric transmission line 949 entirely within existing ROW through the Towns of Bainbridge, Sidney, Franklin and Hamden, from the proposed Jennison Substation to a specific transmission line structure in the Town of Hamden. To keep line 949 energized while construction activities are performed, it will be necessary to use a temporarily rerouted line for a portion of the rebuild of that line.

The proposed Jennison Substation will be relocated and rebuilt approximately 0.9 miles west of the existing Jennison Substation on an approximately 61-acre parcel currently owned by NYSEG in the Town of Bainbridge. The proposed Jennison Substation will measure approximately 4.6 acres in size and the station’s construction will include the construction of an approximately 0.5-mile-long access road connecting to Mount Pleasant Road. Two electric line ROW connector corridors totaling approximately 1.8 miles in length will be built to connect electric lines to the proposed Jennison Substation and will require approximately 0.6 miles of new ROW.

The 115 kV proposed line 734 will be approximately 6.7 miles long, beginning at East Norwich Substation in the Town of Norwich and terminating at the North Pond Substation in the Town of Guilford. The 115 kV proposed line 946 will be approximately 14.7 miles long, beginning at the North Pond Substation and terminating at the proposed Jennison Substation in the Town of Bainbridge. The 115 kV proposed line 949 will be approximately 25.4 miles long, beginning at the proposed Jennison Substation and terminating at a specific structure in the Town of Hamden.

Portions of existing lines 946 and 949 and of six other transmission and sub-transmission lines that currently connect to the existing Jennison Substation will be relocated/rebuilt to connect to the proposed Jennison Substation. The total length of new 115kV transmission lines that will be constructed to rebuild and relocate existing lines in the Project is approximately 47.5 miles.

The Project includes replacement of all of the existing lines’ conductor, insulators, and existing structures. The Project also includes: installing stormwater management features; establishing one or more temporary laydown/staging areas and marshaling yards; and constructing or improving supporting access roads.

The Project is needed for NYSEG to continue to ensure reliable service and achieve the objectives of the Climate Leadership and Community Protection Act in NYSEG’s Oneonta Division. Exhibit E-4 of the Application will provide further details about the need for the Project.

Exhibit 3 of the Application will provide a description of the various alternatives NYSEG considered to address the need for the Project. The considered alternatives include alternative substation siting locations, alternative line routes, alternative structure types, a no-action alternative, alternative transmission line technologies, and non-wires alternatives.

**PROPOSED ROUTE**

The Project is proposed to extend approximately 47.5 miles, beginning at the East Norwich substation in the Town of Norwich, and continuing through the Towns of Guilford and Bainbridge in Chenango County. The proposed Jennison Substation, while relocated approximately 0.9 miles to the west of the existing Jennison Substation, will remain in the Town of Bainbridge. From there, the Project will continue east through the Towns of Sidney, Franklin and Hamden in Delaware County, ending at a specific structure in the Town of Hamden.

NYSEG proposes that Project construction activities will occur on the existing line ROW, as well as off-ROW work areas, the locations of proposed stormwater management features, and Project access roads. The locations of the proposed Project facilities will be shown in Exhibit 2 of the Application and associated figures.

**DATE OF FILING**

NYSEG expects to file the application for a Certificate with the Commission on or about December 10, 2024.

**AVAILABILITY OF APPLICATION**

A copy of the Application will be served upon the chief executive officers of Chenango County, Delaware County, and the Towns of Norwich, Guilford, Bainbridge, Sidney, Franklin and Hamden, New York, and a copy will be available for public inspection in each of the following locations: Guernsey Memorial Library, 3 Court Street, Norwich, NY 13815; Bainbridge Free Library, 13 North Main Street, Bainbridge, NY 13733-1210; Sidney Memorial Public Library, 8 River Street Sidney, NY 13838; Franklin Free Library, 334 Main Street, Franklin, NY 13775; Cannon Free Library, 40 Elm Street, Delhi, NY 13753.

In addition, copies will be available for public inspection at the Department of Public Service Offices in Albany (Office of Central Files, 14<sup>th</sup> Floor, Three Empire State Plaza, Albany, NY 12223) and will be posted on the Commission’s website ([www.dps.ny.gov](http://www.dps.ny.gov)).

**ADDITIONAL ASSISTANCE**

**The Workshops include:**

**My Plate**  
• Eat foods from every food group

**Budgeting**  
• Plan meals ahead  
• Shop for best prices

**Activity**  
• Add physical activity to your daily routine

**Tomato Melt** Serves 4

**Ingredients**  
¼ cup shredded cheese  
(try cheddar, mozzarella or a blend)  
1 Tablespoon low-fat mayonnaise  
½ teaspoon prepared mustard  
2 English muffins, halved or 2 bread slices  
(try whole wheat)  
1 medium tomato, cut into 4 slices or  
diced

**Directions**  
1. In a small bowl, combine cheese, mayonnaise and mustard.  
2. Spread cheese mixture evenly over English muffin halves or bread slices.  
**Oven or toaster oven method:**  
1. Broil or toast until cheese melts, 2-3 minutes.  
2. Place tomatoes on each sandwich.  
3. Serve 'as-is' or broil to heat the tomato, 2-3 minutes.

**Skillet method:**  
1. Heat a skillet over medium heat.  
2. Add sandwiches bread side down.  
3. Cover and heat until cheese melts, 7-8 minutes.  
4. Top with tomatoes before or after heating.  
5. Refrigerate leftovers within 2 hours.
