Statement of Basis and Purpose

These amendments revise the definition of "wetland" in DEP's rules to ensure continuity as the New York State Department of Environmental Conservation (NYSDEC) amends its freshwater wetlands regulations (6 NYCRR Part 664) ("NYSDEC Amendments") to align the State rules with amendments to the New York State Freshwater Wetlands Act (codified at Article 24 New York State Environmental Conservation Law) ("Article 24 Amendments") which took effect on January 1, 2025. See Section 19 of Part QQ of Chapter 58 of the Laws of 2022. Under the Article 24 Amendments, as of January 1, 2025, NYSDEC wetland delineations are no longer based on the NYSDEC mapping process that currently governs such delineations. Accordingly, these amendments are designed to preserve DEP's existing jurisdiction within specified limiting distances from wetlands subject to NYSDEC jurisdiction as of December 31, 2024, thereby maintaining the status quo.

In addition, these amendments add a new subdivision to section 18-17 of DEP's rules that incorporates by reference maps identifying wetlands in the watershed subject to NYSDEC jurisdiction as of December 31, 2024, and makes these maps available to the public for inspection and copying at New York State Department of Health, Office of Regulatory Affairs, Tower Building, Room 2415, Empire State Plaza, Albany, NY 12237. The maps are also available on NYSDEC's Environmental Resource Mapper website: <https://gisservices.dec.ny.gov/gis/erm/>.

Finally, subdivisions (1) through (11) of section 18-17 are also amended to add web page access links to each of the referenced materials. _ _
