SERVING NEWBURGH AND NEW WINDSOR

## A plea to end gun violence

### Families remember 5-year anniversary of Halloween shootings

By ALBERTO GILMAN  
agilman@tcnewspapers.com

Saturday, October 30, 2021 marks the five year anniversary of the passing of 18 year-old Omani Free and 20 year-old Tabitha Cruz. Both of the girls were from the City of Newburgh.

At the corner of Dupont and Wilkin Street, family and friends of the two girls gathered to join one another and march for the lives that were lost that night. The girl's mothers, Rhonda Valentine-Free and Jeannette Drake have been putting this march together for the last five years in memory of their daughters. Free was a senior at Newburgh Free Academy and Cruz was a college student in Pittsburgh, PA. Reports say Cruz was attending Vet Tech Institute in Pittsburgh to become a veterinarian.

Multiple reports from 2016 indicate the two girls were attending a Halloween party on 119 Broadway. During the course of the party, an argument broke out between several individuals and one pulled a gun and started shooting. Several party goers were injured and sent to local

## New plans emerge for storied City Club

A long-anticipated plan to renovate and restore Newburgh's Historic City Club is once again in the works .

The Newburgh City Council, at its Oct 21 work session, listened to a \$1.3 million proposal from Genesis/ZWC Partners to create a commercial space for arts and entertainment at the brick structure that stands in front of the Newburgh Free Library.

Genesis Ramos, co-chair of the Mayor's Strategic Development Advisory Committee (SEDAC) said her group had reviewed four proposals after the city had issued Requests for Proposals (RFPs).

"When we receive these proposals, we take our time to read through them, and look through them," Ramos said.

Two were rejected outright, while the two remaining respondents were brought in for interviews. The proposal by Genesis/ZWC Partners (no relation to Genesis Ramos) was accepted by SEDAC.

# Gathering of queens

## Halloween Drag Brunch benefits local LGBTQI+ center

By ALBERTO GILMAN  
[agilman@tcnewspapers.com](mailto:agilman@tcnewspapers.com)

**G**litz, glamour, mimosas, dollar bills and brunch food were the scenes of Mama Roux's Halloween Day Drag Bunch. Mama Roux hosted drag queens Kay Gorgeous, Belle Pepper and Fantasia Fae for the day of laughs and drinks.

The morning started with a slight breeze in the air as the queens and staff began to prepare themselves for the festivities. During the course of the day, there would be another show at 1 p.m. following the first show. This event would also be collecting proceeds that would be later given to the Newburgh LGBTQI+ center.

"I'm honestly really excited. This is the first time that the three of us (Gorgeous, Pepper and Fae) are performing in this amazing space," Belle Pepper said. "Everyone's been really lovely."

Belle Pepper's husband, John Henry Watson, also expressed feelings of excitement and support for today's event. "It's all about love," Watson said. Just a little after 11 a.m., guests started to trickle into the venue at various assigned seating. A guest list of just over 50 people made their way into the venue. Mimosas made their way to the hightops and tables, with meals in the back being prepared. Then the show began.

The queens made their way to the front of the venue and with microphone in hand, introduced themselves, cracked some jokes and greeted everyone, letting the audience know that today was going to be fun and full of love. During the course of the show, the queens performed several lip syncing numbers, cracked more jokes and just enjoyed themselves as patrons handed them bills, took pictures, laughed and clapped along.

"Drag, it's so many different things," Gorgeous said. "It's like an art form. Everyone has their different mediums. Some drag artists are dancers, some are into fashion. Some are comedy queens. We're entertainers first."

Fantasia Fae poses for a fan as she makes her way down the row.

With the current pandemic, Gorgeous took the chance to step into the drag scene because she understood that tomorrow is never granted and taking a chance on oneself can change

for the better. Being a drag queen, Gorgeous is able to connect and meet new members of the LGBTQ community and other supporters. Performing in this brunch will help create inclusion and support for the Newburgh LGBTQI+ Center in their efforts. "Be nice to people," Gorgeous said. "Everyone is welcome."

Fantasia Fae is a bubbly queen who creates a fantasy through her makeup and her apparel going into the shows. Fae said she is excited to come out for the crowds and entertain as much as possible. For those who may be new to drag or maybe just need support, Fae discussed being a queen as a role model for the younger generation and drag is accepting to all. "Drag is a family in itself," Fae said. Being a supporter of those out there who are experiencing tough times and need guidance within the LGBTQ community, Fae says she is always there to support, answer questions and be there for those individuals.

"It's about the people for me," Fae said. "It's great to be able to be that person that somebody turns to when they're having a hard time with something."

L-R. Fantasia Fae, Belle Pepper and Kay Gorgeous pose for a quick photo op prior to the show.

# New plans emerge for storied City Club

Continued from page 1

Wayne Warner, Chief Construction Manager for Genesis Global Partners, and an Orange County resident addressed the city council and said they plan to rebuild it as close as possible to the building that stood 100 years, but there are no specific occupants lined up. Recent projects for Warner include a mixed-use condo development in Bedford-Stuyvesant, Brooklyn, a 9-story rental building in Jamaica, Queens and a 25-story boutique hotel in the heart of the Wall Street area in lower Manhattan.

“We want nothing more than to see this building restored to its former glory,” said David Garland, Founder and CEO of Genesis Global Partners. “We want to retain as much of the original character of the building as possible.”

Garland said the plan is for a commercial space, with some sort of arts integration, perhaps with a dinner theatre on the second floor and a restaurant on the first floor of the three-story structure. He said he has been in contact with the Orange County Arts Council which, he said, “loves the idea” and may have some suggestions for who might occupy the space. He’s also been in contact with the Newburgh Free Library.

The top floor, he envisions, could provide some live/work space for attorneys coming into town on short business or perhaps artists.

The City Club, known also as the William Culbert House, has a storied, and also sad past. Designed in the early 1850s by Andrew Jackson Downing and Calvert Vaux, the house survived Urban Renewal efforts but was seriously damaged by a 1981 fire

just as a major renovation effort by Irish Restorer Brian Thompson neared completion.

The roof collapsed a few years ago which provided a unique opportunity to create a botanical garden of wildflowers and plants inside its wall. The exhibit was opened to the public during weekends this past summer.

“Our belief is that the foundation is sound,” Garland said, adding that

his form would work to find the right partners to occupy the building.

“The City Club is one of the many buildings that represent the heartbeat of our city,” said Councilman Bob Sklarz who said he was “heartbroken” by the destruction.

“I’d always hoped that this building in my lifetime would be renovated,” said Councilwoman Patty Sofokles.

Councilman Antony Grice sought

assurance that city residents would be given preference for construction and renovation work, and when it came time to selecting tenants for the building.

Garland said the goal is to have the building renovated and occupied by mid 2023.

“We’re eager to go,” he said.

hospitals but Cruz and Free died from their wounds. Later reports identified 18 year-old Nija Johnson of Newburgh as the shooter and he was convicted in their deaths.

With a heavy heart, Valentine-Free expressed her emotions as the days lead to this day every year. “All year long I’m emotional. With being busy, that keeps me grounded,” Valentine-Free said. “I love my daughter every day. I think about her every day. Everything that I do, I do it for her. All year long it’s hard for me, but what gives me strength is to keep

thinking about them.” Caring, happy, silly, unselfish. Always wanting the best for others. These were the words to describe Valentine-Free’s daughter.

For Drake, she also expressed her emotions around the night. “Three years, she’s going to walk through the door. Four years, alright jokes up, come on. Five years, wow this is real,” Drake said. “There has been a lot more shootings since 2016. We’re going to continue to do this walk. Every year.” Elizabeth Morales, Cruz’s grandmother, held back tears talking about her. “Every time we do this, it brings everything back cause my granddaughter’s gone. It makes me sad and

it makes me angry at the same time,” Morales said. “We are all hurt.” Morales wants violence and guns to be taken off the streets. Joseph Morales, Cruz’s uncle, also expressed his hurt and pain surrounding the night. “I’m still in pain and shock because my niece is not here,” Morales said. “She didn’t deserve what happened.”

Iris Florentino, Cruz’s aunt, misses her niece and continues to move forward through the pain. “The pain never goes away. People tell me it gets easier,” Florentino said. “I always say to myself she’s in college, it makes me feel better. She was everything.”

## Skoufis receives NYS Association for Behavior Analysis Award

Senator James Skoufis (D-Hudson Valley) was recently presented with the New York State

Association for Behavior Analysis (NYSABA) Legislative Award, an honor given to legislators or community members who have championed advocacy and action to benefit the practice, and consumers, of applied behavior analysis. Skoufis fought to pass legislation this year that will lift archaic restrictions for these professionals and ensure that hundreds of thousands of additional children with special needs are able to receive treatment for disorders.

"We are extraordinarily grateful for Senator Skoufis' championing legislation to fix the scope of practice for behavior analysts here in New York," said Debbi Politano, NYSABA Legislative Committee Member. "His leadership on this issue will help countless individuals in New York who might otherwise go without needed treatment."

Napolitano introduced and formally presented the award to Senator Skoufis at NYSABA's annual conference in Albany on October 28.

"Bringing New York into the 21st century by improving access to this expansive therapeutic option is a no-brainer, and I am extraordinarily grateful to NYSABA for their ongoing partnership in this fight," said Senator Skoufis. "I am honored to accept this award on behalf of the many advocates and families who shared their stories with me; I hope we are able to celebrate together once more when the Governor takes the important step of signing this measure into law."

# Urban Farm invites residents to learn about agriculture

By ALBERTO GILMAN  
agilman@tcnewspapers.com

Grow With Us/High Tunnel Hello on Sunday November 7, hosted by The Newburgh Urban Farm and Food Initiative (NUFFI), invites all residents of the City of Newburgh to come to the Urban Farm to learn more about urban agriculture.

With this event, Newburgh Urban Farm and Food Initiative Executive Director Virginia Kasinki discussed the new high tunnel structure being built on the property. This structure will have the proper means to grow and produce food for the residents of the city year round. The structure itself is a 24 by 72 foot high tunnel Kasinki said. With the winter months fast approaching, Kasinki said that fresh food and produce is not always readily available to city residents. According to Kasinki, 30 percent of city residents depend daily on the produce and food from pantries for their daily intake. She said that this past and previous summers, NUFFI has donated about 30,000 pounds of food to local pantries and other places that needed produce.

Collaborating with the City of Newburgh, NUFFI was able to secure two Department of Housing and Urban Development CARES ACT grants to help in their efforts according to Kasinki.

In creating more outreach for the city, Kasinki first discussed a grant received in October from the United States Department of Agriculture (USDA) Urban Agriculture Productivity

Virginia Kasinki (left) and Ramona Burton (right) make preparations for next weekend's event for the residents of the City of Newburgh.

Program that trains individuals to go out into communities to learn more about food needs and insecurities. Residential areas, bodegas, churches and pantries in the various wards of the city are the places that these

trained individuals will learn more about produce and food relaying back to NUFFI, city government and nonprofits as to what they can do to assist. Secondly, NUFFI has also received an agreement from the USDA

to work with beginner growers and educate in urban agriculture Kasinki said. "We will reach out to people in this community and throughout the Hudson Valley, lower Hudson Valley that want to learn how to do urban agriculture," Kasinki said. "We can use this (Urban Farm) as a living laboratory up here to teach them or we can do webinars."

Thirdly, Kasinki discussed working with the pantries in doing a food audit. These audits will review what types of produce the pantries receive, how the food is stored, who provides the food, which type of residents receive the food, how do the residents store the food. The audit also asks similar questions to the farmers and produce providers.

With the Urban Farm, Kasinki collaborates closely with Ramona Burton, Chairwoman of the Newburgh Urban Farm and Food Initiative. Burton's investment in this program originates from her father and the skills she learned gardening from him as a child. Both she and Kasinki were born and raised in the City of Newburgh and worked within the Downing Park Planning Committee. For NUFFI, none of the outreach, programming, and continuing support would not be possible without the city's support. Kasinki and Burton discussed goals for NUFFI is to grow the farm, grow the infrastructure and continue agricultural programming going forward into the next year and following.

# Shakur apologizes after latest censure by council mates

By ALBERTO GILMAN  
agilman@tcnewspapers.com

A 17-second Facebook video posted under the Prosperity Newburgh page shows Councilman Omari Shakur exchanging antisemitic words with the cameraman. That clip would lead to a censure vote by his fellow council members

"We had a conversation. I did tell him (Shakur) that I was going to be voting to support this, this resolution and he understood," Councilwoman Ramona Monteverde said.

Shakur spoke to the council saying the words he expressed were in the heat of the moment but hurtful and he is sorry. He also stated that as a child and

activist of the 60's and 70's, he recognized the support between the Jewish and Black communities. Shakur then stated to the city council the events that took place during the course of that day.

Shakur said he came to the corner of South Miller and Broadway, and a building, a city building that has stood on Broadway for the last 50 years, was being worked on without proper gear or proper signage. Shakur called the codes department, asking what requirements were needed. He was told that in order to do this work, permits and proper safety signage were required on site. Shakur approached a gentleman on a cellphone that the workers said was in charge of the operation. Shakur asked the gentleman if he had a permit to be doing this kind

of work. Shakur waited a few minutes since the gentleman was on the phone and asked again if there were proper permits for the site.

The gentleman asked who he was and Shakur flashed his city council badge and the gentleman said he was the landlord and told Shakur he was able to go about his business. Shakur called the police department and asked them to come to the scene, for which Shakur said he was not addressed by officers. Shakur then left the scene for 15 minutes and came back to nothing being secured, still letting people go about their business.

"Where's the compassion for my community?" Shakur asked.

# DEC denies Danskammer permits

By ALBERTO GILMAN  
agilman@tcnewspapers.com

Permits for construction of a new natural gas run power plant, along the Hudson River, submitted by Danskammer Energy, were denied by the New York State Department of Environmental Conservation (DEC) on Wednesday October 27.

Daniel Whitehead, Director of the Division for Environmental Permits for the DEC issued a notice of denial of Title V Air Permits to the applicant, noting that the project would interfere with state Environmental Conservation Law intended to reduce statewide greenhouse gas emission. The proposed facility would be located in the Town of Newburgh and would replace the current facility.

“Moreover,” Whitehead wrote, “Danskammer has not demonstrated that the project is justified as it has failed to show either a short-term or long-term reliability need for the project. Nor has Danskammer identified adequate alternatives of (greenhouse gas) GHG mitigation measures.”

The letter states the proposed site for Danskammer would have a new natural gas-fired generating facility producing 536 net megawatts (MW) worth of power. 532 MW are already produced on site. The letter notes that during the months of June to September, the department read and reviewed over 4,500 public comments on the matter. Materials submitted by Danskammer over the course of the decision process were reviewed by the DEC during that time.

Local elected officials were pleased with the determination.

“New York State has committed itself to a carbon-

Danskammer Energy had sought approvals to replace an aging power plant on the Hudson River at Roseton in the Town of Newburgh.

free future,” said Assemblyman Jonathan Jacobson (D-Newburgh) “and I welcome the opportunity to work with labor, local officials, and environmental advocates to develop an alternative plan that will ensure the reliability of New York’s electrical grid, provide good-paying jobs, and protect the revenue of affected communities.”

State Senator James Skoufis (D-Woodbury) said he stands ready to partner with local communities, building trades, and environmental stakeholders “to put forward a project for the existing Danskammer site that both aligns with New York’s climate laws and serves the needs of our area.”

“For years community members from across the Hudson Valley have rallied against the Danskammer project for its inconsistency with our NY State goals to help address climate change,” noted Orange

County Legislator Kevindaryán Luján (D-Newburgh). “Through testimonies, letters, and marches, thousands of community residents have made it clear that they are not willing to compromise their environment for corporate gains and dirty energy in their backyard. This is a significant victory for our working-class people and for communities of color that would have been significantly impacted by this project.”

Whitehead, in his letter, noted that Danskammer Energy will have the legal right to request an administrative adjudicatory hearing, regarding permit denials. Danskammer will have 30 days from the letter date to make any requests.

Michelle Hook, Vice President of Public Affairs for Danskammer, declined to make any comments when contacted last week.

## A lesson from Tik Tok

Should parents be held responsible if their child intentionally damages school property?

That suggestion was made at a recent Pine Bush School Board meeting after it was revealed that damage to the school bathrooms was caused by students responding to the “Tik Tok challenge.”

Unfortunately, the culprit or culprits have not been identified, likely due to the fact that security cameras, though present throughout the schools, are not located in the bathrooms. At that recent meeting, Superintendent Tim Mains did his best to assure parents and school board members that repairs had been made and that all of the facilities were in working order. He blamed the problem on a Tik Tok challenge, a prank prompted by a social media application popular with high school students.

Throughout the month of September, students were encouraged on Tik Tok to take part in the “devious lick” challenge, in which they steal something from their school. The most common theft was of soap dispensers and other bathroom appliances, but the website *distracting.com* reports that students also stole office equipment and even made off with things as big as printers. (Nothing on that grand a scale was reported locally, nor were there any reported instances of October’s challenge: smack a staff member).

The list continues throughout the school year:

November: Kiss your friend’s girlfriend at school

December: Deck the halls and show your balls

January: Jab a breast

February: Mess up school signs

March: Make a mess in the courtyard or cafeteria

April: “Grab some eggz” (another stealing challenge)

May: Ditch day

June: Flip off in the front office

July: Spray a neighbor’s fence

The pranks do more than just pose a nuisance. They can cause serious damage and put school staff members at risk. And they come with

### Tyranny?

To call executive orders to take the Covid-19 vaccine “tyranny” is absolute bosh. (I would use stronger words but this is a family newspaper.)

The REAL tyranny is the false narrative proclaimed by certain political leaders that taking the vaccine is only a personal decision. They are the tyrants. They have twisted a medical issue into a political issue that has to be responded to in a political manner.

New York State once led the country in infections and deaths. We are now among the states with the lowest incidence of the disease because those in executive positions have demanded it. To call our executive leaders “king” and “queen” is beyond silly. We voted them in to do the leadership job. Those states that did not “mandate” the shots lead the nation in infections and deaths. From 90 to 99 percent

of the recent deaths are among the unvaccinated. To choose not to take the vaccine is a death wish. Six right wing commentators who opposed vaccination have themselves died of the disease. To choose not to wear a mask is a murderous decision for a mask protects others in case the wearer is infected. Yes there is tyranny. Only it is those who follow non-responsible leaders.

As he so often did, St. Paul shows the right way: “For you were called to freedom, brothers and sisters, only do not use your freedom as an opportunity for self-indulgence, but through love become helpers of one another. For the whole law is summed up in a single commandment, ‘You shall love your neighbor as yourself.’ If, however, you bite and devour one another, take care that you are not consumed by one

So the bottom line is to ignore mandates and take the vaccine because it is a very proven protection against Covid and wear a mask when asked because it protects others.

Away with all this as a political issue!

## Fence for me, not for thee

One of first actions President Biden did after taking office on January 20 was to stop the construction of the southern border wall. Now over \$100 million of pre-fabricated border wall panels, enough to build an additional 100 miles of wall, lay dormant and rusting in Pharr, Texas. *\$100 million in border wall materials wasted in Texas: report* (nypost.com).

Customs and Border Patrol reported a record-breaking total of 1.7 million apprehensions of illegal immigrants at our southern border during FY21. Record-Breaking 1.7 Million Migrants. *Apprehensions At Border in 2021 Fiscal Year, Soaring To Highest Level Ever*, The Floridian (floridianpress.com). That number does not include the estimated 400,000 “gotaways” that sneaked past Border Agents this past FY. *More than 400,000 sneaked over southern border and got away in past year, former Border Patrol head says* (Washington Examiner). This invasion of migrants has some Texas residents wearing firearms when they go outside their homes for fear of the illegals. *Illegals Are Now So Bad That My Mom Won't Water Flowers Without a Gun: TX Resident* (westernjournal.com). Texas farmers, including those who lives hundreds of miles north of the border, are asking the Biden Administration to pay for damages caused by human smugglers driving vehicles through their fields of crops, residences broken into, and families left stranded on their property. *Farmers want Biden to pay for damage from illegal immigration* (nypost.com).

Meanwhile as Texas residents fear for their lives, our own Department of Homeland Security has decided to build some security fencing. Over \$455 million of taxpayer dollars will be spent to build ‘security fencing’ around Biden’s “Summer White House” beach home. *DHS \$455K for ‘security fencing’ around Biden’s beach home* (nypost.com).

## NEWBURGH HERITAGE

*Enlightening a local landmark*

Each day, thousands of people walk and ride along a main route through Newburgh: Robinson Avenue, part of Route 9W. Few know the origins of the street name nor the importance of the man for whom it was named. On Veterans Day

afternoon, there will be a perfect opportunity to learn and even to pay respects to Henry Robinson and his family. Their unique and beautiful tomb will be rededicated after a thorough refurbishing paid for by

their descendants and it will be open to the public during a ceremony at 2 p.m., November 11. Then it will be closed for eternity.

Built of cut sandstone in the Egyptian Revival style, the Robinson mausoleum is a masterpiece of masonry skill. No matching tomb has been found in other early American cemeteries to give a clue about the architect.

Henry Robinson built the mausoleum in 1853 as the final resting place of his beloved wife, Ann, when she died. He had already suffered the heartbreak of losing both his daughters, Sarah and Mary, at young ages. Their bodies were reinterred with their mother when the tomb was complete. Henry lived another 13 years and then his casket joined theirs.

There is far more to know about this early Newburgh family than the sadness of their deaths. The Robinsons farmed the acres that became Washington Heights south of Renwick Street. Henry Robinson had been a ship master who owned schooners that traveled from New York to Le Havre in France carrying goods that American and French

households coveted from across the sea. Thus, he was known as Captain Robinson. As he settled into retirement in Newburgh as a gentleman farmer, he experimented with many plant and animal species using his big pond (now drained and under the intersection of Liberty Street and Benkard Avenue) to raise fish. Robinson met the Marquis De Lafayette when he visited America in 1824 and they kept up a correspondence since Henry sailed often to the French ports near Lafayette's own estate farm. 1824 is the year Henry bought his Newburgh property at a foreclosure sale and relocated here from New York City.

Henry Robinson shared his large fields with the community as a fairgrounds and crowds came to see and judge their neighbors' fruits, vegetables and livestock during big agricultural fairs. Captain Robinson was a founder and leader in the Orange County Agricultural Association. The Captain started the Newburgh Rowing Club, endowing

its treasury to pay for racing sculls and for silk uniforms to show off our powerful young teams among early Hudson River rowing towns. Village minutes note how often Henry Robinson gave sand from his sandbanks (over "the bluff" hillside of today's Washington Heights) for the maintenance of streets and offered support for other services. Robinson's farm was also offered and used as the site of the village's first baseball games when Newburgh was just coming into prominence as a powerhouse team in New York State. In 1859, it hosted the first traveling tournament.

Local legend says that Henry promised Ann he would someday build her a lovely mansion to replace the rambling frame farmhouse they occupied on the flats of Liberty Street. When she died, he commissioned her mausoleum to be most elegant, in the newly popular Egyptian Revival style (prompted by interest in Napoleon's scientific expeditions to Egypt in the early 1800's). The Robinsons'

daughter, Sarah, had died at the tender age of 15 while accompanying her father on a merchant trip to France. Henry and his wife brought her home for burial in Old Town Cemetery and bought their plot (on which the mausoleum was later built) that year of 1829. Their daughter Mary also died young at the age of 29, after 10 years of marriage to James Benkard. She was buried beside her sister and also later moved into the family tomb. Henry was the last to be buried in there in 1866. He had died of a stroke while walking to the Newburgh polling place to vote. So that citizens would recall his three decades of contributions to Newburgh, the council named a central street in his honor.

Old Town, between Liberty and Grand Streets, was first used as a burying ground in 1713 by Newburgh's original settlers, the Palatines. Burials, estimated to be over 1,300 souls, continued through the next century. The cemetery's centerpiece, the Robinson mausoleum, has stood as a silent sentinel witnessing the heart of the original village grow around it. Over the door, in addition to a heavy brass family nameplate, is the Egyptian symbol of immortality.

Veterans Day is an appropriate time to rededicate the Robinson Mausoleum. Henry Robinson served in the War of 1812 as a volunteer shipmaster aboard the USS President assisting famous naval hero, Stephen Decatur. He was captured by the British in a sea battle with the English frigate HMS Dymion off New York Harbor and held with Captain Decatur and other crew as a prisoner of war in Bermuda for a time.

The ceremony to rededicate the family's mausoleum will be held at 2 p.m. The public is invited and may step inside the mausoleum to see its amazing construction and pay their respects to this early and charitable Newburgh family. Newburgh Free Academy's Madrigals will perform songs of the Robinson's era. Current family members will tell about their ancestors and a reception will follow inside Calvary Presbyterian Church where the city historian will present the story of the family and their times.

# Modern-day speakeasy coming to Pine Bush

By SHARON MACGREGOR

No need to whisper, no secret knock or password. The word is out, a modern day speakeasy is coming in the spring of 2022 and Mark Chiancone and Evan Favaro of Speakeasy Motors American Whiskey Company are making it happen on the site of Baldwin Vineyards.

The pair met on the set of Orange County Choppers. Favaro has owned Speakeasy Motors in Wallkill for ten years where he specializes in custom fabrication for motorcycles as well as a wide range of cars. A few years ago, his attention turned to distilling whiskey and Chiancone is a full-time distiller.

The Pine Bush Area Chamber of Commerce held a mixer last month at long-time member Baldwin Vineyards with Chiancone and Favaro on hand to give a guided tour with a question and answer session as well as a whiskey tasting for attendees.

Chamber president, Brenda Otto said, "I'm excited to welcome this new business into the community. It brings back history and a unique concept."

"This building was most recently used for storage," said Favaro, "But it was a goat barn about 40 years ago. We have a 1,000 liter propane fired copper still and we make whiskeys, rye, brandy, and bourbon. Our products are in over 70 liquor stores including Valley Supreme Liquors in Pine Bush."

Chiancone added, "This space will be more of an experience, a destination, but not a restaurant."

"We will probably be offering 3 - 5 craft style cocktails, likely some will be

seasonal. This is all more than just a brand for me, it's a lifestyle," explained Favaro.

Inside the speakeasy space are beautiful details that are reflective of the décor during prohibition right down to a working player piano.

"We have about 80 rolls and one of them is, 'Yes, We Have no Bananas,' but we need to have the instrument tuned," said Chiancone.

Outside, the hope is to host live music when the weather permits with plenty of outdoor seating.

"The idea to offer some entertainment with a beautiful location will bring additional tourism to our community,"

added Otto. "It's wonderful to see these businesses work together in ventures

that enhance their sustainability and future growth."

## Take a Zoom visit to an Italian hilltop

Montecelio is a very unique hilltown. Located approximately 25 kilometers northeast of Rome, the original infrastructure dates back to Medieval times. Throughout the centuries a castle, a fortress, and a church have been important structures representing ruling families and protection and peace through worship.

On Tuesday, November 9, at 7 p.m., Andrew Warren will present Montecelio: the Architectural

History of an Italian hill town: Medieval construction ~ a Castle, a Fortress, a Church. This Zoom event will give him the opportunity of offering a tour of Montecelio through his many photographs while explaining its structural qualities of survival and functionality.

This lecture is offered on Zoom at [sunyorange.zoom.us](https://sunyorange.zoom.us).

The event is free and open to the public and questions are welcomed.

## Painted Porcelain, On the Town & Small Works

"On a Rainy Night" oil painting copyright Keith Gunderson.

The Wallkill River School is pleased to present "Painted Porcelain" a solo exhibit by Paola Bari, "On the Town" a solo exhibit by Keith Gunderson and "Small Works" a group show curated by Paola Bari. Exhibits will be open to the public from November 5, through January 2, 2022.

"On the Town" will feature oil paintings of cityscapes and towns by Keith Gunderson. Gunderson studied drawing extensively in Chicago, while working as a staff illustrator at the Chicago Tribune. Then, in New York, he studied at the National Academy of Art, The New York Academy, and the Art Students League, where he learned the mechanics of painting and most notably about the phenomena of the light effect and shadow. "I love

Keith's work," says Sarah Fortner Pierson, Executive Director of WRS. "Each piece employs light and mood in a new way. A room full of his work is always exciting."

In the adjacent gallery, Paola Bari will show a series of her painted porcelain works. Paola learned to love ceramics as a young girl in Italy, and traveled all over the world to learn different techniques. Pierson remarks, "Paola's work is exquisite. Each piece is lush in detail, color and texture. They are small precious worlds unto themselves." "My paintings are whimsical and my inspiration comes from what is surrounding us in everyday life." Bari states.

Bari will offer a workshop at Wallkill River School from January 24, 2022 - January 28, 2022 to

introduce interested students to her unique process.

Bari has adjudicated the third exhibit, "Small Works" which is a group show of 39 original works by 28 artists, 8 x10 or smaller. "With this many artists involved, this show encompasses a huge diversity of styles and approaches. I really enjoy small works because their scale makes the experience of viewing them very intimate," says Sarah Pierson.

Gallery hours are weekends, Friday through Sunday, 12 to 5 p.m. The Wallkill River School is located at 232 Ward Street, Montgomery. A public reception for the artists will be held on November 13, from 5 to 7 p.m. Works will also be available for viewing and purchase at [Wallkill.art](http://Wallkill.art).

**The Paintings of Raul Serrano.** Daily, 5-8 p.m. The Falcon, 1348 Route 9W, Marlboro. Kerhonkson NY-based Raul Serrano uses an inventive visual language that seeks mystery, poetry and a constant shift of meaning through compositions that recall Renaissance, surrealist, and post-impressionist art. The body of work is held together by twice-removed perceptions of leitmotifs: water, glass; metaphorical and actual "currents," swirls of tentacled sea creatures, live wires. From behind featureless spectator figures, the viewer is pulled toward dreamscapes, intense juxtapositions of incongruous objects against or within crowds and flows of bodies, human and animal. Uses of color and form create Kafkaesque challenges to the psyche, calling for visceral reaction or focused reflection. Through Nov. 28. [liveatthefalcon.com](http://liveatthefalcon.com).

## CITY OF NEWBURGH

## St. George's Church welcomes a new pastor

Greetings from River City. I got the chance to take advantage of early voting, thanks to our Chris. Glad that's done. The events of every day seem to go from, "What!?" to "You have got to be kidding!" I have been looking for signs of sanity in present happenings

in this beleaguered country—mighty few they are. Just when you think you have hit bottom, the bottom opens up and down you go. In the end, when nothing is working, you still have prayer—if you never thought much of it, you might want to give it a real try; desperate times call for desperate measures.

On Sunday, October 10, the congregation of St. George's Episcopal Church welcomed the Rev. Dr. Mary Barber as their new priest after facing the entire pandemic period and inaugurating a massive restoration campaign (see inset of tower) without a regular priest. The Rev. Dr. Barber is a trained psychiatrist and former director of the Rockland Psychiatric Center. She courageously gave up her first career and answered the call to become a priest when she was a member of St. George's and then graduated from Episcopal Divinity School at Union Theological. She was ordained a priest at the Cathedral of St. John the Divine, NYC on September 18, 2021.

The Rt. Rev. Andrew Dietsche, Bishop of the Diocese of NY, approved her return to St. George's as a priest (an exception to diocesan rules) because her strong commitment to Newburgh community involvement made her "a perfect match."

When hearing the daily news, my very sentiments, "Pardon my sanity... in a world insane." ~Emily Dickinson. Still, "Today I felt pass over me a breath of wind from the wings of madness." ~Charles Baudelaire. With affairs getting worsen and worsen, "All human rules are more or less idiotic, I suppose. It is best so, no doubt. The way it is now, the asylums can hold the sane people, but if we tried to shut up the insane, we should run out of building materials." ~Mark Twain.

## NEW WINDSOR

## Town completes work on Pickleball courts

Hello New Windsor. I want to take this opportunity to wish my mother Rita a Happy Birthday on November 9.

Growing up in a household with all boys; my brother Mike and my father Butch she was the Rock that held us all together. All of us played sports and my mom would be at every game cheering us on. We got all of the awards and all of the trophies, and my dad always got all the credit for us

being the players that we were, but if it wasn't for my mom none of us would have been as successful as we were. She was always there cheering us on, feeding us after games even when we got home late, and always making sure

we had clean uniforms. And when we had a bad game, she was the one who always made sure we realized that it was only a game, and to let it go and be ready for the next game.

She has been such an important part of my life and my brother and dad as well, and now as a mother-in-law and grandmother to my wife and kids, and my brother's wife Shannon and his kids. My mom is an incredible grandmother and we are extremely blessed to have her in our kids lives, as well as my dad and in-laws as well. They are all such a positive influence on our children and help us in raising all of them.

I have four children and my brother has two children and they love each and every one of their grandkids the same, and support them in all of the extracurricular activities they participate in. Thank you mom for being that rock, and we all love you so much. Happy Birthday!

The Town of New Windsor is pleased to announce that we have lined out a Pickleball Court adjacent

The Town's new Pickleball courts are ready for action.

to the Basketball Court at Ruscitti Park.

Though we do not have a net yet since it is backordered due to supply chain issues because of Covid, we wanted to get the lines done in case any of the local players have their own nets and were looking for a place to play. Hopefully our net will come in soon, since it was ordered three months ago. Pickleball is one of the largest growing sports in the United States and is extremely popular with the Senior Citizen population, but has begun to be played by all different ages, as the schools are starting to teach it in Phys Ed Classes. Pickleball is a paddle sport that combines elements of badminton, table tennis, and tennis.

Two or four players can play at a time with a wiffle ball with round holes in it. It truly is a fun game and we hope everyone who is interested gives it a try. Thank you to our elected officials for supporting this project and everything they do for Recreation in New Windsor.

On Wednesday October 27 the Town of New Windsor had our annual Senior Luncheon and it was a big hit. We had 100 New Windsor Senior Citizens attend who were treated to a delicious meal and had the chance

to win prizes donated by all of the elected officials and the Recreation Department. It truly was a great day out and all who attended had a good time.

**Jett Diaz** the 13-year old son of one of my former Assistant Camp Directors **James Diaz** has been recently diagnosed with a brain tumor.

Friends of the family have organized a 5K fundraiser called Jog for Jett Walk/Run on Saturday November 6 from 9:30 - 11 a.m. at the New Windsor Little League Complex at 90 Cedar Avenue. Race entry fee is \$25 for pre-registration and \$30 at the event. To register please visit <https://runsignup.com/Race/NY/NewWindsor/JogForJett>.

Jett is a Newburgh Enlarged School District student and a baseball player with the Newburgh Knights Travel program. He has always been a team player and now he needs support from the community, baseball family, and friends. If you are unable to participate in the race they are also accepting donations and sponsorships on the above link. My prayers go out to Jett and his family they will get thru this.

The Town of New Windsor Senior Exercise classes have moved

back indoors to the New Windsor Recreation Hall. In the fall they were held at Kristi Babcock Memorial Park under the pavilion but will relocate inside since it is getting too cold with Dance Aerobics scheduled for Mondays from 9:30 - 10:30 a.m., Chair Yoga on Tuesdays from 9 - 10 a.m., Zumba Gold on Wednesdays from 10 - 11 a.m., Chair Yoga again on Thursday 9 - 10 a.m., and Walk 15 from 10 - 11 a.m. All classes are \$3. For more information please call the Recreation Department at 845-565-7750.

Birthday shout outs this week go and to **Matt Whitton** whose birthday is on November 5, to my mom **Rita Veronesi** whose birthday is on November 9, and to anyone else out there celebrating birthdays this week Happy Birthday! Happy Wedding Anniversary to **Anthony and Loren Pagano** who are celebrating on November 8.

If anyone has a birthday or other special event you want mentioned in my column, or have anything going on in New Windsor that you want the world to know about you can reach me at [mveronesi@optimum.net](mailto:mveronesi@optimum.net) or by calling 845-629-1260. Have a great week.

## Tree planting to celebrate Environmental Justice Program success

The City of Newburgh Conservation Advisory Council (CAC) and two nonprofits, the Greater Newburgh Parks Conservancy (GNPC) and Outdoor Promise, will sponsor a citywide celebration of the Environmental Justice Fellowship program on Saturday, Nov. 6, from 2 - 4 p.m.

The program, funded by the Arbor Day Foundation and TD Bank, was created as a collaboration among the three groups to improve the city’s environmental, physical and emotional health, specifically in areas heavily populated by people of color, who have suffered disproportionately from the lack of urban tree canopy.

The project focused on community engagement on issues of environmental justice - especially urban trees. Project partners chose four young

fellows of color from within the City of Newburgh to receive a stipend for their EJF work. The Fellows have learned about trees, created English and Spanish surveys, and asked city residents and business owners about their desires and attitudes about trees. Survey responses, along with expressed commitment by Newburgh residents to care for the trees, informed where the trees were planted. The Fellows worked on an online tree course, also in English and Spanish, with photos, videos, and more. The course will soon be released publicly, to help the entire Newburgh community better understand the importance of trees and tree care and to open up opportunities to join a cadre of “tree champions” in Newburgh to educate others on the importance of urban trees.

The Fellows who served in this inaugural class

of the Fellowship are Heidi Bonilla, Ameesah Cotten, Kat McKenzie and Marichen Montiel, all Newburgh residents ranging in age from 19 to 24. “We have lost 4,000 trees in this city over the past few decades through neglect, lack of understanding and lack of funding, and we hope the success of this inaugural program will inspire a new appreciation for trees and their impact on our underserved neighborhoods,” said Ronald Zorilla, founder of Outdoor Promise.

Chuck Thomas, chair of the CAC, added, “We invite the entire city to come out to Tyrone Crabb Park, at South and Grand streets, at 2:00pm on Nov. 6 to enjoy refreshments and music with your neighbors, while learning more about trees and the Environmental Justice Fellowship program.”

# One rare copper coin

**R**eaching out, sharing stories and events, and a bit of serendipity goes a very, very long way. Let me explain...

Some time ago, I was doing research on an article, chatting with a homeowner. We discussed what they knew of their structure and land, and its history. I love having been given the opportunity to have the chance to do this.

Drifting forward a year, or more, I was in a meeting with an individual who has a passion for using his metal detector to find artifacts on properties, especially those where the history is known. His efforts at finding really unique and interesting pieces of early history going back to colonial days is outstanding and I take my hat off to him. Pun intended.

A few months back, I was able to facilitate him meeting the homeowner I previously mentioned. Permission was given and he's begun doing a search of this property. We had the opportunity to break bread and what he found so far, floored me!

He handed me a 1788 Vermont Copper Penny! These are rather rare, especially in our area. Also there were some more related artifacts, but I want to focus on the penny.

Way back on June 10, 1785, the House of Representatives of the Freemen of Vermont met to select a committee of three, whose sole purpose was to meet with Reuben Harmon, Jr. to mint coins for the newly formed state of Vermont.

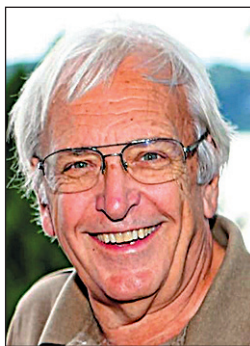

Not wasting any time, on June 15, 1785, the committee presented their

recommendation that Harmon be granted a 2 year exclusive right to mint coins for the State of Vermont. Their recommendation also included all coins were to be a minimum weight of one-third of an ounce, troy weight, or 160 grains. On June 17, 1785, after the recommendation was voted upon and approved by the governor's council, Harmon posted the required bond and commenced minting coins, locating his facility besides Hagar's Brook in Rupert.

This same committee was retained to select a motto and to oversee the design of the coins. The initial coins, for the years 1785 and 1786, featured the Sun rising above the Green Mountains and a plow in the foreground encircled by the inscription VERMONT RES PUBLICA (Republic, or Commonwealth of Vermont). The opposing side featured a large single

star emanating rays with an eye within, surrounded by a wreath of 13 smaller stars, encircled by the motto STELLA QUARTA DECIMA (the 14th Star).

In 1787 and 1788, the design was modified after Harmon sought an extension of the exclusive two year contract and on July 1, 1787, an eight year extension was granted. Also, a dramatically new design was implemented. The obverse side depicted a bust, encircled with a new motto reading AUCTORITATE VERMONTENSIIUM (Authority of Vermont). The reverse side depicts a seated woman and the inscription INDE ET LIB (Independence & Liberty). Sixteen variations of dies on this second set of coins were made. This new design closely resemble the

British halfpenny which was then in circulation in the American Colonies.

To find one here, in the Town of Newburgh leaves one to wonder how it traveled to our area, to this particular farm, and just who carried it. There is

a possibility this coin could have been minted at the Machin Mint. We may never know, or maybe, just maybe, my friend will unearth more items which will shed light on the heritage of this land. Thanks, Dale!

# Bring on the candy

## City of Newburgh welcomes back Trunk or Treat after year hiatus

By ALBERTO GILMAN  
agilman@tcnewspapers.com

Hosts, ghouls, music and trunks full of candy lined a section of Broadway in the City of Newburgh for the Trunk or Treat celebration hosted by the Church at the Bridge.

Led by Church at the Bridge Pastors Jose and Annette Vasquez, they first started the Trunk or Treat event back in 2014. With the Trunk or Treats expansion over the years, Pastor Jose recollects in the very beginning that city residents were going to other towns and areas to trick or treat with their kids. Vasquez looked at the surrounding areas in the city and noticed that city lighting was an issue. Going forward and speaking with city hall, Vasquez said that the city would give him the recreation department parking lot to use for the event. In that first year, over 900 families with children came out. And as the years have gone by, more and more families have come out to take part in Trunk or Treat. Prior to the shutdown, Pastor Jose said Trunk or Treat served over 3,000 families with kids. For Pastor Jose, this event is a part of this city.

For the event that night, more than 15 trunks were set up on Broadway between Liberty and Grand Street. For the trunk or treaters, they would start on the side of Broadway where City Hall is located and loop around the trunks and come back out on the other side of the street. The line just to get in

stretched down the sidewalk in front of City Hall and around and down the block. There were several hundred families and residents who showed up for the event.

The Trunk or Treat celebration was put on pause last year, following health regulations and protocols with the on-going pandemic. "It was hard," Pastor Jose said. For Pastor Jose, seeing the city come out again and enjoy Trunk or Treat and families enjoying their time safely brings joy to him. "We love you Newburgh. As a community, we need to be together," Pastor Jose said. "We believe that we need to give our

children a safe space. We need to give our families a safe space."

Quickly rushing back and forth to check on staff, guests and other trunk or treat details was Pastor Annette who briefly spoke with the Times about the event. "The community was ready to come out. I'm elated. I'm excited. I'm excited for the community," Pastor Annette said. "We love this city. We want to see this go all the way up Broadway, that would be amazing."

Renée George from the City of Newburgh Steelers football program was one of the first trunks you would have a chance to meet as you made your way through the line. She has been participating in Trunk or Treat for the last several years. With last year's shutdown, George is happy to see her community back out and enjoying themselves. "It's different but it's good to see everybody coming back out," George said.

Next to George's trunk was Councilman At-Large Anthony Grice's Spider-Man themed trunk who was also happy to be back for this event. "I am so thankful. I'm a member of Church at the Bridge and we always do a lot for our community. This is one of our premier events," Grice said. "Last year we had to put a pause on it because of COVID but now we are back and going strong."

 PURSUANT TO ARTICLE ELEVEN OF THE:  
 REAL PROPERTY TAX LAW BY THE  
 COUNTY OF ORANGE

PETITION AND  
 NOTICE OF  
 FORECLOSURE  
 EFO06381-2020

The above-captioned proceeding is hereby commenced to enforce the payment of delinquent taxes or other lawful charges which have accumulated and become liens against certain property. The parcels to which this proceeding applies are identified on the attached List of Delinquent Taxes, (hereinafter referred to as "In Rem List"), which is annexed hereto and made a part hereof. This document serves both as a Petition of Foreclosure and a Notice of Foreclosure for purposes of this proceeding.

PLEASE TAKE NOTICE THAT ON THE 27th DAY OF OCTOBER 2021, THE COMMISSIONER OF FINANCE, HEREINAFTER SOMETIMES REFERRED TO AS THE "ENFORCING OFFICER", OF THE COUNTY OF ORANGE, HEREINAFTER, THE "TAX DISTRICT", PURSUANT TO LAW, SHALL FILE WITH THE CLERK OF THE COUNTY OF ORANGE, THIS PETITION OF FORECLOSURE AGAINST VARIOUS PARCELS OF REAL PROPERTY FOR UNPAID TAXES.

Effect of filing: All persons having or claiming to have an interest in the real property described on the attached In Rem List are hereby notified that the filing of this petition constitutes the commencement by the Tax District of a proceeding in the court specified in the caption above to foreclose each of the tax liens therein described by a foreclosure proceeding in rem.

Nature of proceeding: This proceeding is brought against the real property only and is to foreclose the tax liens described on the attached In Rem List. No personal judgment will be entered herein for such taxes or other legal charges or any part thereof.

Persons affected: This notice is directed to all persons owning or having or claiming to have an interest in the real property described in the attached In Rem List. Such persons are hereby notified further that a duplicate of this petition has been filed in the office of the Enforcing Officer of the Tax District and will remain open for public inspection up to and including the date specified below as the last day for redemption.

Right of redemption: Any person having or claiming to have an interest in any such real property and the legal right thereto may on or before February 28, 2022 redeem the same by paying the amount of all SUCH UNPAID TAX LIENS THEREON, INCLUDING ALL INTEREST AND PENALTIES and other legal charges which are included in the lien against such real property, computed to and including the date of redemption. Such payments shall be made to Commissioner of Finance, Orange County and mailed to:

Payment must be either by certified check, cashier's check or money order. Personal checks will not be accepted. In the event that such taxes are paid by a person other than the record owner of such real property, the person so paying shall be entitled to have the tax liens affected thereby satisfied of record.

Last day for redemption: The last day for redemption is hereby fixed as the 28th day of February 2022.

Service of answer: Every person having any right, title or interest in or lien upon any parcel of real property described on the attached In Rem List may serve a duly verified answer upon the Orange County Attorney, the attorney for the Tax District, setting forth in detail the nature and amount of his or her interest and any defense or objection to the foreclosure. Such answer must be filed in the Office of the County Clerk and served upon the attorney for the Tax District on or before February 28, 2022, the date above mentioned as the last day for redemption.

Failure to redeem or answer: In the event of failure to redeem or answer by any person having the right to redeem or answer, such person shall be forever barred and foreclosed of all his or her right, title and interest and equity of redemption in and to the parcel described on the attached In Rem List and a judgment in foreclosure may be taken by default.

Right To Repurchase: Pursuant to local law, the former owner will have

the sole right to repurchase the property from the County. To participate in this repurchase program, you must pay all of the taxes (prior and present), interest and penalty. Payment must be made by cash, certified bank check or money order. Upon repurchase the County will reconvey the property back to the former owner subject to all liens of record that existed before the County took title. The only additional notice that will be provided of this right to repurchase will be by a single certified letter mailed to the address of the former owner contained in the County's records.

# Eagle project benefits shelter cats

Anthony Giorgianni, a Boy Scout from Troop 007, based out of Cronomer Valley Fire Department, recently completed construction on a "Catio," at the Town of Newburgh Animal Shelter, located at 645 Gidney Avenue, Town of Newburgh. The Catio project, which took over 100 man-hours to complete, is his final requirement toward his Eagle Scout rank.

"This was all Anthony's idea," said Dr. Thomas E. Giorgianni, Anthony's dad and Scoutmaster. "Anthony loves animals. When he was a Cub Scout, he received an award for saving a dog's life. Two years ago, we adopted a cat named Cookie, from an animal shelter in Sullivan County and they had a 'Catio' there. Anthony went to the Town of Newburgh Shelter and told them his idea, they were very receptive." The Giorgianni family resides in the Town of Newburgh.

Anthony is a senior at NFA North, in the P-Tech program. With the help of his dad, his brother, Thomas

(L-R): Town of Newburgh Town Councilman Paul Ruggiero; Boy Scout (and Eagle Scout candidate) Anthony Giorgianni; Thomas N. Giorgianni (a Life Scout); and Dr. Thomas E. Giorgianni, Scoutmaster, in front of the new Catio at Town of Newburgh Animal Control / Animal Shelter.

N. Giorgianni, friends, helpers, and volunteers, the Catio was completed last week. The "Catio", is an outdoor screened in wooden enclosure in which cats can play, relax, and get fresh air. There is a bridge in it and pieces of wood with holes that the cats can play in, said Dr. Giorgianni.

"The Town is very thankful to Anthony for choosing the Town of Newburgh Animal Shelter as the site of his Eagle Scout Project," said Town Councilman Paul Ruggiero, liaison to the Town of Newburgh Animal Control department. "The Catio will improve the lives of the cats who reside in the shelter, all of whom were previously confined to a single room. Now they can get fresh air and play, while still being kept safe."

Anthony said that he would like to thank those who contributed to his project, and who supported him as he completed his final requirement towards his Eagle Scout rank.

## Mount student earns TA position at local preschool

Soon after earning her undergraduate degree at Mount Saint Mary College, Rachel Pucino landed a job as a Teacher Assistant (TA) at a new Montessori preschool just around the corner from the Mount campus.

Pucino, a Newburgh resident, graduated this past spring with her Bachelor of Arts in English with a minor in Psychology. Starting this semester, she began pursuing an MSEd in Childhood Education and Special Education at the college.

Rebecca Norman, associate professor of Education and Graduate Program Coordinator at the Mount, connected Pucino and other student candidates with the Newburgh Jewish Community Center (JCC) after they showed interest in hiring a Mount student for the TA position for their new preschool, Little Friends Learning Loft.

At the preschool, Pucino supports the various needs of each student throughout their school day. Her hope is to create an environment where

Rachel Pucino

both she and the children are learning and growing together.

"I have an amazing lead teacher to look up to who is excited to help me learn and we are both dedicated to helping children from our community grow into amazing students and individuals," she explained.

Pucino is grateful to Norman for advising and teaching her to be an impactful educator. "I have already learned so much information on how to become a successful teacher through her class," she said. "My experience at the Mount prepared me for real life experiences and educated me to be prepared for new job opportunities that would come my way, like this one."

Little Friends Learning Loft at Newburgh JCC encourages imaginative play and child-led learning through a nurturing environment founded on the Montessori principles of hands-on learning, self-discovery, cooperation, and independence.

## Rowing Club hosts Paddle and Oars Challenge

On October 30, the Newburgh Rowing Club hosted its 11th Annual Paddle and Oars Challenge, a day of kayaking, rowing and community, to raise money for charity; sponsored by LoBiondo Law Offices and other local businesses.

"The event commemorated the 150th Great Race for the Rowing Championship of America of 1867, held right here in Newburgh," said Coach Ed Kennedy, Head Coach of the Newburgh Rowing Club. "Over 50,000 spectators came out to watch

that championship race. Every year this event keeps that memory alive while celebrating our community."

This year, the event was also a fundraiser for the American Cancer Society foundation, which raises money for cancer research and awareness.

## Maria Angelo

Maria Angelo, a lifelong resident of Newburgh, transitioned from this earth on October 29, 2021, at Westchester Medical Center, following a private but valiant fight with heart disease.

Maria is survived by her mother, former City Councilwoman, Regina Angelo; her father Alex "Red" Angelo and his wife MaryAnn; her brother Michael Angelo and his wife Lori; and Maria's partner, Daniel Lopez whose enduring love brought her the greatest of happiness. Maria is also survived by a nephew Austin

Angelo; and cousins Lori Angelo, Toni Angelo, Margie Ray and husband Jim; Tina Angelo, Nick Angelo, Phyllis Angelo, Diane Angelo Swantek and husband Chris, and many second cousins. We would also like to acknowledge Maria's special friendships with Chrissy Kavanagh, Dawn Sheehan-Morrow, Tammy Brunetti and John McCutcheon -- all of whom held a special place in her heart. Maria leaves at home her beloved cats, whose adventures she often chronicled on social media for everyone's enjoyment.

Maria graduated Newburgh Free Academy in 1983. For 33 years, Maria was a valued employee and front-end Supervisor at Price Chopper in Newburgh (now known as Market 32). Through her work, Maria grew to know most of the Newburgh community and was beloved by her customers. Maria received numerous awards as Employee of the Week, in which she took great pride.

Maria was an avid music fan and particularly loved live shows. Her favorite band was KISS, and in recent years she also enjoyed following Killcode, seeing them live at every opportunity. Maria also loved attending local shows, especially seeing Dino Fregosi, and any of her brother, Michael's, music projects.

Maria's favorite holiday was Halloween. Each year during October she looked forward to attending the Chiller Theatre Expo in New Jersey and partying with her "Chiller Family" including Dawn Morrow, Michael Flood, Mitch Barnes, Kevin Clements, Jason

Cicalese, John Desmondus (aka Vampire) Brandy Noir and Denise DeNise.

Maria was known for her "big heart", quietly giving to those in need, without the desire for any recognition of her generosity. At Christmas Maria loved to shower her friends and family with an abundance of gifts and goodies. She spent months enjoying shopping for special presents for those she loved.

Maria's kind heart extended to all four-legged creatures. She rescued and cared for many cats and seemed to have an instant connection to all animals she met, even known as the "woodchuck whisperer" for her ability to hand-feed "Chuckie" in her backyard.

Through her workplace, love of the local music scene, and her animal outreach, Maria was an iconic presence in Newburgh. Her abundance of friendships and larger than life persona created memories that transcend her passing. To say she will be missed seems an understatement. We love you, our unique and beautiful Maria.

In lieu of flowers, donations may be made in Maria's honor to the Town of Newburgh Animal Shelter; Hudson Valley SPCA or Newburgh Scats.

Visitation will be from 2 to 5 p.m. Sunday, November 7, 2021 at Brooks Funeral Home, 481 Gidney Ave, Newburgh, NY. A funeral mass will be held on Monday, November 8, at 10am at Sacred Heart Church, Robinson Avenue, Newburgh. Burial will follow at Calvary Cemetery in New Windsor.

## Celeste Dowling Bloomer "Cissie"

Celeste passed away peacefully in her beloved home surrounded by family.

She was born on April 12th, 1949 in Cornwall, NY to David J & Ellen P Dowling. She was a lifelong resident of Newburgh where she cherished growing up with her four siblings. She attended St Mary's Grammar School and graduated from Mount St. Mary's Academy, Orange County Community College, State University at Potsdam, then went on to do her post graduate work at SUNY New Paltz. Celeste spent years working as an English teacher in both the Wallkill & Newburgh Central School districts. After raising her children, she became the Director of Literacy Volunteers of America in Newburgh.

On April 22, 1973 she married her loving husband J. Daniel Bloomer, who she met in first grade.

Along with Danny, she is survived by her daughters, Anne (Shawn) Miller & Mary (Brian)

Bloomer-Konchar. Her beloved grandchildren Oren, Iris, Theo and Beau will be raised in her image. She is also survived by her siblings Deborah (Thomas) Agnew, David (Mary) Dowling, Christina (William) Centenaro and Cecilia (William) Cook as well as extended family, nieces & nephews, who all knew better than to "mess with Big Cis."

Celeste truly found her life's passion when she began working with Habitat for Humanity of Greater Newburgh over twenty years ago. The years she spent volunteering with Habitat were the most rewarding of her life.

Habitat allowed her to not only build homes, but also hundreds of relationships. She relished helping to lead the Women's Builds for so many years. It meant so much to her to mentor both the volunteers and families that were part of the program. Celeste often said, "Habitat does more for me than I do for Habitat."

Our Cissie was known for her love of Long Beach Island, her amazing organizational skills, extraordinary Halloween costumes with Mary, her partner in all things creative, and consistent punctuality. She was happiest when taking care of her gardens, building rock walls, decorating elaborate birthday cakes, preparing meticulously planned family holidays, wrapping the perfect present and spending hours at the store picking out just the right card for her family & friends.

Our family often jokes that no one would have had a wedding, baby shower, birthday party or holiday without her. We will remember her everytime we get knocked down by a wave at the beach, make a list, drink a cup of coffee, rearrange our furniture or show up somewhere half an hour early.

To know Celeste was to know her devotion to her grandchildren who she helped raise with a variety of nicknames, bucket lunches, stealth trips to McDonald's and countless jokes. She was forever taking credit for teaching her grandsons a variety of sports, even if it wasn't true. Her granddaughter Iris will carry on her talents for keeping everyone afloat. Cissie was thrilled to have been able to spend the last seven months with the newest love of her life, Beau, who brought her so much happiness over this past year.

We would like to thank all of her family and friends for the steady stream of visits, outpouring of love & support over these past two years. We are so grateful to the Westchester Medical nurses and staff, including Dr. Fanucchi, Adedoyin Solomon "Dee" FNP, Dr. Moorthy and Dr. Pais. We would also like to thank Dr. Seth Levin, Dr. Mohammad Islam, and the Hospice of Orange & Sullivan Counties nurses.

Anyone wishing to honor Cissie can make a donation in her name to Habitat For Humanity at 125 Washington Street, Newburgh, NY 12550 and to Hospice of Orange & Sullivan Counties and Kaplan

During Leptondale Elementary School's Boo Bash, Captain Snack Sparrow (AKA parent Saul Nieves), hands a treat to Grade 1 student Sophia Cifers. Looking on is the captain's son, a Grade 2 student who is also named Saul Nieves.

It was a boo-tiful day for a pre-Halloween celebration at Leptondale Elementary School on October 22, as children, parents, and staff celebrated the season with creative costumes, spooky music, and trunks full of treats. During the school's annual Boo Bash, the campus was transformed by a parade of fanciful creatures, including witches, dinosaurs, fairies, and superheroes, who happily gathered treats from the back of cars and trucks that had been decorated with cobwebs, skeletons, cauldrons, and much more. There was even a pirate ship, piloted by Captain Snack Sparrow (also known as Leptondale parent Saul Nieves), who invited the brave youngsters to walk the plank, past menacing sharks, to claim their pieces of treasure.

The event, said Leptondale Principal Scott Brown, was a rousing success. "We're so grateful to the Parent Teacher Organization, which organized the festivities," he said. "The Boo Bash really tapped into the excitement that our students are feeling as Halloween approaches, and channeled it into a fun, safe, family-friendly event."

# NFA girls 'left it on all the field' in 2-0 loss

By MIKE ZUMMO

None of the players on the field were born yet the last time the Newburgh Free Academy girls' soccer team had reached a sectional championship game.

The third-seeded Goldbacks had reached the Section 9 Class AA championship game for the first time over 20 years, where they ran into a familiar opponent, the top-seeded Monroe-Woodbury Crusaders.

The Crusaders scored two goals in each of the two halves on their way to a 4-0 victory on Saturday at Faller Field in Middletown.

"They played hard," Newburgh coach Dave Doulin said. "They left it all on the field and there's nothing to be ashamed of. They didn't quit when we were down 2-0, and they didn't quit when it was three or four. They played hard and made them earn every goal."

The Crusaders jumped on the Crusaders immediately as Lauren Morgante scored in the third minute to give Monroe-Woodbury a 1-0 lead. They added another at the end of the first half when Francesca Donovan dribbled the ball down the field along

the left post and tucked her shot past Newburgh goalkeeper Taryn Judson and just inside the right post.

Even as the Goldbacks tried to generate some offense to cut the lead, the Crusaders added two quick goals within a minute of each other to put the game away.

In the 67th minute, Ella Natal bounced a shot off Judson and recovered the ball, placing her shot inside the left post to give the Crusaders a 3-0 lead. She scored another goal about a minute later to put the Goldbacks' season away.

"It's a great season," Doulin said. "Obviously, it finishes with disappointment but we're proud of everything we did."

The Goldbacks had only lost four games, heading into Saturday's game, two each to the Crusaders and the second-seeded Warwick Wildcats.

The Goldbacks avenged that loss battling the Wildcats to a 2-2 tie on Wednesday at the Hudson Sports Complex, and advanced to the championship game when Warwick's Jill Ziegler's shot went wide to the left.

"It put them sky high," Doulin said. "They were so proud of their effort, and we all were. That was a great win and that was just the way we played all year. We never quit. We were coming from behind when we were down, and that just summed up the whole year."

This season was a big step forward from the team that was a major step forward after winning only three games during the COVID-19 compressed Fall 2 season in March and April. Most of those wins came late in the season as the Goldbacks carried some of that momentum into this season.

Even though they're young, it

doesn't mean they won't lose key players as seniors – Alexia Ochoa, Brooke Danyluk, Mikayla Podlas, Sarai Rodriguez, Ava Morrill, Briana Foti and Ava Esposito – will graduate in June.

"They gave a lot of leadership," Doulin said. "Hard work and they would do anything for the team."

That helped get the Goldbacks to the finals, but when the Goldbacks suit up again in August to prepare for the 2022 season, they will enter with higher expectations than they've ever had before.

"(They'll take) the experience of just being here and being in a situation where next time it's not going to be new," Doulin said. "It's going to be something we're used to. We're ready to take the next step next time."

## Goldbacks clinch top seed in AA football

The Newburgh Free Academy football team clinched the No. 1 seed in the Section 9 Class AA playoffs on Saturday with a 27-14 victory at Monroe-Woodbury High School.

Dylan Iorlano had completed seven passes for 143 yards and ran the ball 11 times for 42 yards. Deondre Johnson caught two passes for 61 yards and Elijah Bevier had four catches for 65-yards. Eric Duncan had 16 carries for 144 yards and two touchdowns.

With the win, the Goldbacks will host the fourth-seeded Warwick Wildcats on Friday night at Newburgh Free Academy. The winner will face the winner of Saturday's other semifinal between No. 2 Monroe-Woodbury and No. 3 Middletown.

The win also made coach Bill Bianco, the all-time wins leader among Newburgh Free Academy coaches. He passed Rip Fornell, who had 94 wins. Bianco thanked all the players, coaches and staff he has worked with over the years.

"I am humbled to even be in the same conversation with many of the great men that have coached Newburgh football since its start in 1890," Bianco said in a Facebook post. "Anyone who knows football knows it's a team game and much of my success is only possible with the help of so many people through the years."

## Goldbacks blanked in Class AA championship

By MIKE ZUMMO

The Newburgh Free Academy boys' soccer team saw its season end by the one team that it couldn't get around in three tries.

The third-seeded Goldbacks advanced to the Section 9 Class AA championship game, where they were eliminated by the No. 1 Warwick Wildcats, 2-0, on Saturday at Faller Field in Middletown.

"I thought we lost to a better team," Newburgh coach Matt Iorlano said. "They were good. We knew that. They beat us twice during the regular season. Both games were competitive as I thought we were competitive today, but they've got a lot of seniors. They have some special players, and it wasn't for a lack of effort. We put forth a good effort, but sometimes you lose to the better team."

The Goldbacks had previously lost

to the Wildcats, 2-0, on Sept. 21 at Academy Field, and 2-1, at Sanfordville Elementary School on Oct. 13.

The Wildcats scored their first goal off a corner kick in the game's 13th minute, when Jacob McGowan sent a kick in from the right, and Joe Holder headed the kick just inside the left post to put Warwick on the board.

McGowan added a goal about four minutes into the second half to put the Wildcats up by two.

"They're a dangerous team," Iorlano said. "They've got some really fantastic players, and they might make some noise in the state tournament."

The Goldbacks advanced to the championship game with a 1-0 victory over the No. 2 Monroe-Woodbury Crusaders on Thursday. The Crusaders were another team to which the Goldbacks had suffered two defeats, but Javier Rodriguez scored the game's only goal to lift the Goldbacks to

Newburgh's Javier Rodriguez takes the ball away from Warwick's Carson Rother as Ramon Irizarry looks on during Saturday's Section 9 Class AA boys' soccer championship game at Faller Field in Middletown.

victory.

"That was very satisfying for this team," Iorlano said. "It seems like we've been battling all season long to earn some respect a little bit. And that's partially our fault because every time we would get up, we would find a way to fall back a couple of steps. I think that got us into a spot where these kids go into next season - because a majority of these kids are coming back - with a positive."

The Goldbacks entered this season short on experience and had a bit of an up-and-down year, never getting on a roll and finished the season with an 8-8-0 record, and while most of the team is expected back next year, the Goldbacks will lose All-American standout Javier Rodriguez to graduation.

"I think he'll be tough to replace," Iorlano said. "He's a special player, and not too many times does a kid like that come along. I was lucky enough to have him for four years."

The Goldbacks fielded a team with about 10 juniors, six sophomores and a freshman that all got valuable game experience both during the season and won a big game together to get to the championship.
