133	Hunt High School	9th	History/Social Studies	<p>2 sets of 5 (total 10) stools would be a great flexible seating option in my classroom. Flexible seating options allow students a way to have a choice of style of chair, they have a more community feel to the classroom which promotes creativity and engaged learning, it also allows students to be better communicators while in groups. I feel these things would improve my students learning environment as well as providing a space they feel welcomed. #	School	Grade Level	Classroom Subject	Wish List Items
187	Lucama Elementary	Kindergarten	All subjects	<p>2. I currently have a Smartboard in my classroom. I use it daily, but it can be quite the struggle due to the fact that it is NOT mounted. There are cords draped across the floor in my student's work space. Kids in my room are constantly tripping over the cords and when they do this, I have to orient my board multiple times so that it is synced to the interactive lesson being projected from the computer. This is a pain and interrupts my lesson. It is affecting my classroom environment and wastes time for learning. I have been at Lucama for three years and I have asked every year, atleast once a year, to have a mounted projector installed in our room. I get the same answer every time- it is too complicated to install in the ceiling and TOO EXPENSIVE! I have an older board and a brand new projector, so I don't necessarily need a BRAND NEW SMARTBOARD AND PROJECTOR, but I would like to have a projector mounted either in the ceiling or on top of the Smartboard without the messy cords on the floor that I currently have. Please consider having one mounted in our classroom!</p> <p>https://www.alibaba.com/product-detail/Multiuser-smart-board-with-mobile-adjustable_869043136.html?spm=a2700.7724857.normalList.1.1cfe49dfu3KVBU</p> <p>3. Dry erase markers and Mr. Clean magic erasers- we use for whiteboards.</p>
